

ALF M. LANDON TO SPEAK IN FOUR STATES

Will Visit Illinois, Indiana, Ohio, and Michigan

Topeka, Kas., Oct. 8.—(P)—Gov. Alf M. Landon struck out for the Great Lakes tonight to weave a presidential campaign trail through what he termed the "battleground" states—Illinois, Indiana, Ohio and Michigan.

Drawn by a prize of 88 electoral votes, the Republican nominee's special 10-car train headed northeast with Chicago the first stopping point on a 2,400 eight-day political trek. A nationally-broadcast discussion of federal finances in Chicago tomorrow night was the first of three scheduled major addresses.

Cleveland was next on the program for a speech Monday and Detroit for Tuesday. But between these major stops and the home base of Topeka, Landon's campaign path straddled more than 30 rear platform appearances and so intricate that Landon offices said the tracks of 11 different railroads would be used "in order to reach the principal cities."

The rear-platform talks start tomorrow when the train halts at Freeport, Ill., at 7:35 a. m. (C. S. T.) and Rockford, Ill., at 8:50 a. m. It is scheduled to reach Chicago at 11 a. m. and leave 12 hours later.

Landon divided his last day in Topeka before his fourth big political tour between his office and home. At the state capital, the governor held a press conference, reporting "no news," and signed a proclamation naming October 11 "General Pulaski's Memorial Day."

"Pulaski hated autocrats and dictators and the centering of power in government," Landon said of the Polish revolutionary hero. "He believed in freedom and open opportunity and found the American cause expressive of his own yearnings."

The afternoon at the executive mansion was spent with his family and working on speeches prior to time to board his train.

The governor wrote a letter to Arthur G. Gresham of Indianapolis, former state commander of the Veterans of Foreign Wars, thanking him for a pledge of support.

French Prepare For Disorders

Paris, Oct. 8.—(P)—The government tonight prepared for "grave disorders" in Alsace Lorraine after communists refused Premier Leon Blum's request to abandon meetings in the frontier provinces which the Rightist followers of Francois De La Rocque threatened to smash.

The communist party announced it would hold 56 gatherings in Alsace Lorraine Sunday and Monday rather than give in the "blackmail" of De La Rocque.

Blum hurriedly conferred with Minister of the Interior Roger Salengro late tonight.

The communists charged De La Rocque "was applying an order from Berlin" in threatening to raid their meetings.

CONDITION IMPROVED

St. Charles, Mo., Oct. 8.—(P)—John M. Lindsay, 69, Chicago, a speaker for the Republican National Committee, was reported improved today at St. Joseph's hospital here.

Dr. R. O. Hayden said the "immediate danger" had passed following a stroke of apoplexy Monday night.

Several Southern Illinois Schools Ordered Closed

Several New Cases Of
Infantile Paralysis
Discovered

Springfield, Ill., Oct. 8.—(P)—Schools in two southern Illinois communities were ordered closed today because of an outbreak of infantile paralysis despite a declaration by the state public health department that the action was "contrary to our recommendations."

With the discovery of a new case at Pittsburg, near Marion, and another at Signal Hill, residential districts near Belleville, authorities ordered classes dismissed and school activities suspended.

Asserting the shutdown of schools would not aid in curbing the epidemic, Public Health Director Frank Jirka said:

"Since the disease is so sporadic and often attacks suddenly, it will not do any good to close the schools. It is rare that two members of the same family contract the disease, which generally attacks a child whose resistance is below normal."

"However, we do recommend that children do not make needless contacts with epidemic victims and at the same time follow precaution in health habits. The closing of schools against this disease would not have any more effect than such a move to curb an epidemic of colds."

"Although we do not say whether schools shall be closed," Jirka continued, "we do not recommend such action unless school officials confer with our health experts on reasons for such moves."

A.F.L. Council Fails to Act In Family Row

Leaders Indicate There Still
Is Hope for New Peace
Moves

Washington, Oct. 8.—(P)—Although the American Federation of Labor council failed today to act in labor's "family row," statements by leaders indicated there still was hope for new peace moves.

William Green, president of the federation, said the first day's session had failed to consider the dispute with the committee for industrial organization headed by John L. Lewis or the status of the International Typographical Union which has voted to support the "rebel" group. The council is expected to be in session here for at least a week, but Green would not forecast when the matter might come up.

He would outline no program by which the warring labor factions might be reconciled, but said, "these expressions in favor of a settlement have intensified the possibilities of an adjustment." He explained he referred to recent pacific proposals by David Dubinsky, president of the Ladies' Garment Workers, and Max Zerkow, hat and cap workers president.

The A.F.O.L. chief said the council today formally accepted Dubinsky's resignation as a member. He said there was no comment by other council members on the resignation which was tendered when ten unions, including Dubinsky's, were suspended for the C.I.O. move toward industrial organization.

Green asserted that in addition to statements made by Dubinsky and Zerkow, "peace gestures have come from many quarters."

Takes Stand In His Own Defense

Belleville, Ill., Oct. 8.—(P)—Testimony was concluded late today in the trial of Constable John J. Hamilton, charged with murder in the shooting of his secret wife and her admirer, Thomas Grissom.

On the stand today, Hamilton maintained he fired in self-defense after Grissom had called him to his car and pointed an automatic at him.

"I opened the car door and asked Tom who was with him," Hamilton testified. "He said, 'It's your wife and she is going to help me.' He reached for an automatic on his lap and pointed it at me. I stepped back, drew my gun and fired six shots."

Mrs. Mary Woods, mother of the slain woman, testified her daughter told her she intended to get a divorce about a week before she and Grissom were killed.

DISASTROUS BLAZE

St. Anna De Beaupre, Que., Oct. 8.—(P)—A raging fire destroyed 10 buildings today in this village, home of the famous Catholic shrine, causing damage estimated at \$325,000.

The business district fire razed three hotels and the Redemptorist Fathers' sanatorium.

Volunteers and apparatus from Quebec, 21 miles from here, fought the spreading flames.

Smoke almost hid the hillside shrine, still being rebuilt after a fire which destroyed the original building about nine years ago.

ROOSEVELT ON HIS WESTWARD CAMPAIGN TRIP

President Expects To
Visit Eleven
States

Alfred Roosevelt train enroute westward, Oct. 8.—(P)—President Roosevelt carried his re-election campaign westward tonight, seeking to capture 183 electoral votes in eleven states he has arranged to stump in the next nine days.

The itinerary, whipped into final shape just before the eleven car presidential train pulled out of Washington at noon, listed 38 stops in addition to major addresses at Omaha and Chicago and two more at Denver and Detroit.

Whether the Omaha speech, listed for Saturday night, would emphasize agriculture became a subject of speculation on the Roosevelt train. It was occasioned particularly by the presence of Secretary Wallace and Alfred C. Steadman, New Deal agricultural officials.

Dubuque, Iowa, was the chief executive's immediate destination. The itinerary called for a 45-minute pause to make a talk from the rear platform of his train and motor down the Mississippi river bank to view channel improvement work and Works Progress Administration and Public Works Administration Projects, including the Eagle Point Park.

Swinging across the northwestern corner of Iowa, he will stop again at Oelwein and Mayfield and turn up into Minnesota for a five-hour halt at St. Paul.

Officials said while the St. Paul program was indefinite as yet, the president probably would make a speech at the state capital and motor to Minneapolis, just across the Mississippi river.

There was some talk of conference with political advisers from the state, where the Democratic candidates for governor and senator withdrew with an announced intent to solidify Democratic and farmer labor support behind Mr. Roosevelt.

Before returning to his Hyde Park, N. Y., home a week from Saturday, the president will take his drive for another four years in the White House into Nebraska, Wyoming, Colorado, Kansas, Missouri, Illinois, Michigan, Ohio and New York, Minnesota and Iowa complete the eleven states in which he arranged to center the campaign for more than a week.

Another Large Wheat Acreage Is Forecast

Production Will Be In
Excess of Domestic
Requirements

Washington, Oct. 8.—(P)—A forecast of another large wheat acreage—sufficient for total domestic utilization even should the yield fall one-fourth below average—came today from the bureau of agricultural economics.

In its monthly summary of world wheat prospects, the bureau said that in the event yields should turn out to be average or above for 1937 "production would be in excess of domestic requirements and prices in the United States would fall to export levels."

Seedings for harvest in 1936 of both winter and spring wheat were approximately 74,500,000 acres, the largest on record with the exception of 1919, but abandonment and crop loss due to unfavorable weather were exceptional—large and resulted in small production in relation of acreage sown.

The bureau reported winter wheat seedings "making good progress generally," with the early seeded grain coming to a good stand. In the past month, the winter wheat belt, except for some northwestern districts and in the Pacific northwest, received rain generally sufficient to condition the soil properly for seeding, germination and early growth.

World wheat supplies for the 1936-37 season, the bureau said, now appear to be about 290,000,000 bushels less than in 1935-36. Russia and China are excluded from the total. Although sharply less than the recent wheat for use this year reported above the average for fairly normal years.

Not including Russia and China, indication now is for world production of about 3,432,000,000 bushels for 1936-37, a decrease of about 118,000,000 bushels under 1935-36. The world carry-over, excluding Russia, at the beginning of the year was approximately 775,000,000 bushels, a decrease of about 170,000,000 under a year ago.

HURTS BUSINESS

Sacramento, Oct. 8.—(P)—Ezra Eward, half owner of an establishment for the cure of alcoholism, was arrested here on a charge of drunkenness on complaint of his partner, Mrs. E. G. Eaton, who told the police today she would sign a complaint against him.

Mrs. Eaton complained to city prosecutor Knowles her partner's recent periods of intoxication are hurting business.

Federal Officers Will Not Discuss Ernest Cumby Case

Stream of Witnesses are At-
tempting to Identify
Suspect

Dallas, Tex., Oct. 8.—(P)—Federal officials would not discuss today the investigation of Ernest Cumby, 29-year-old Iowa ex-convict, who they said was a fugitive sought for a year in the mysterious disappearance of four Illinois tourists from near Albuquerque, N. M., in May 1935.

Unverified reports said a stream of witnesses who cashed travelers checks stolen from George Lorus, viewed the man in an attempt to identify him as the driver of the Lorus automobile from Albuquerque to Dallas.

Lorus and his wife, East St. Louis resident and Mr. and Mrs. Albert Heberer of Duquoin, Ill., the four, were last seen traveling west from Vaughn, N. M., May 22. Their abandoned automobile was found on a downtown Dallas street six days later.

Police records showed the suspect held here escaped from the Iowa state penitentiary at Fort Madison where he was sent on a charge of assault with intent to commit bodily harm to serve a one-year sentence.

He was arrested Sept. 24 at Van-buren, Mo., by the sheriff on a federal charge of transporting a stolen automobile from here to Strawberry Plains, Tenn., where he was escaped from the constable July 24, 1935.

On this charge the man was sentenced to a year and a day in Leavenworth yesterday by Judge William H. Atwell. As sentence was pronounced a federal bureau of investigation agent asked the suspect be held here for questioning in the Lorus mystery. Judge Atwell agreed.

Federal agents would not say today if any witnesses had recognized the suspect.

Tax Expert to Give Talk Here Tonight

William A. Allen to Speak
At Court House At
7:30 O'clock

William A. Allen, Chicago, widely known tax expert, will speak at the Morgan county court house this evening, under the auspices of the state taxpayer's division of the Republican party. The meeting will be held at 7:30 o'clock. J. F. Claus, chairman of the local taxpayer's division, will present the speaker.

The taxpayer's division charges that under the New Deal there are from 38 to 63 taxes on articles of wearing apparel and foodstuffs, which the consumer is paying, the taxes amounting to as high as 50 per cent of the purchase price.

All voters are invited to attend the meeting, which is open to the public.

C. B. SCHERMERHORN PASSES AWAY AT CHICAGO HOSPITAL

Charles B. Schermerhorn, former resident of Jacksonville, passed away in Chicago yesterday at St. Luke's hospital. Funeral services will be held at the residence, 10428 Seeley avenue, Saturday afternoon.

The remains will be brought to Jacksonville for burial, the date uncertain due to the illness of Mrs. Schermerhorn.

ELECTED TO WORLD COURT

Geneva, Oct. 8.—(P)—Dr. Manley O. Hudson, of Harvard University, tonight was elected to the World Court of International Justice, succeeding Frank B. Kellogg, former United States secretary of state.

Dr. Hudson, 40th American to sit on the bench of the World Court, brings comparative youth to the international tribunal.

A native of St. Peters, Mo., but 50 years old, the average age of World Court judges is 66.

A native of St. Peters, Mo., Professor Hudson has had worldwide experience in complicated juridical problems.

For many years he has led the campaign in the United States—so far unsuccessful—for American adherence to the court.

LANDON'S COUSIN DIES

Peoria, Ill., Oct. 8.—(P)—Dr. Chauncey C. Landon, who had said he was a second cousin of the Republican presidential nominee, died here today. Funeral services will be held Friday.

BLACK LEGION 2-GUN KILLER IS SENTENCED

Dayton Dean Receives
Life Term In State
Penitentiary

Detroit, Oct. 8.—(P)—Dayton Dean, talkative two-gun killer whose lurid disclosures of Black Legion terrorism aided the state's fight to stamp out the hooded night-riders, received a life term for murder today from a circuit judge who called Dean's victim "a martyr to the cause of civil and religious liberties."

Dean had pleaded guilty to shooting Charles A. Poole, young WPA worker, on a lonely country road last May 12 on order of a Black Legion superior officer after false gossip that Poole beat his wife, an expectant mother.

Seven other Black Legion members who were convicted of first degree murder for the Poole killing will receive mandatory life sentences tomorrow. Four convicted of second degree murder will be sentenced Saturday.

The prejudice against certain racial and religious groups, which the Black Legion was charged with borrowing from the Ku Klux Klan, was denounced today by Judge Joseph A. Moynihan who termed the killing of Poole "a sad commentary on our form of civilization."

"Charles Poole," the judge told Dean in a crowded court room, "was a martyr to the cause of civil and religious liberties. He will always remain a martyr. It is a good thing for you this crime was not committed 100 miles in either direction from the scene, or you would have paid for his life with your own."

Dean, who told the judge his only motive for testifying against his co-defendants was "to see that the organization was broken up for the good of the people," said after the sentence was pronounced:

"I am glad it's over. I hope no one else gets in the same jam."

China Clipper With Newsmen Reaches Hawaii

Associated Press Man Says
Flying Ocean Simple
Process

Honolulu, Oct. 8.—(P)—Eighteen hours from San Francisco—thirty-eight from the sidewalks of New York—lies paradise.

I know this is true, for I am here in Hawaii writing while the white surf pounds in from the blue sea and while the perfume of ropes of ginger and other flowers around my neck makes the whole world fragrant.

It is only a few hours by the miracle of air transportation to Hawaii, and tomorrow we shall see more new worlds and the party of newsmen of which I am a member flies on in the China Clipper to midway—a tiny island farthest westward of the Hawaiian group, where the Pan-American Airways has an operating base.

Then on to Wake, Guam and Manila—the half-world is covered in a measure of hours.

Our trip here was so effortless it could scarcely be called traveling. With fifteen pounds of baggage each, we are swimming over 11,000 miles and back again.

There may have been storms last night on the surface of the 2,410 miles over which we flew. Captain Ralph A. Dahlstrom, who should know, says there were not. I can't say, however, because I slept dreamlessly in a comfortable berth 9,000 feet above the curving surface of the ocean.

At the Takeoff from the force of habit I placed cotton in my ears, but soon removed it because four powerful motors pulled us through the air at 15 miles an hour without bothersome noise. We talked, ate and slept as we would on the ground.

This flying over the greatest ocean is a simpler process than traveling from Manhattan to Brooklyn, and when you arrive it is paradise.

FUNERAL SERVICES FOR W. M. HAILEY HELD AT CONCORD

Funeral services for Rev. W. M. Hailey were held yesterday afternoon, 1:30 o'clock, at the Concord M. E. church. Rev. C. P. Baker, Rev. P. E. Edwards and Rev. C. W. Andrew officiated.

Music was furnished by a group composed of Mrs. Bonnie Brown, Mrs. John Webb, Mrs. John Johnson, Miss Alma Detorling, Edward Newton, Miss Pearl Doyle, Mrs. R. A. Hamilton, and Miss Ann Hess.

Casket bearers were Rev. M. M. Blair, Rev. C. R. Underwood, Rev. George Hayes, Rev. J. R. Warlick, Rev. C. W. Gant, all of Jacksonville; Rev. S. N. Madden, Bluffs; Rev. J. A. Johnson, Barry; and Rev. C. L. Coleman, Ashland.

Interment was in Concord cemetery.

RECORD ENDS

Battle Creek, Mich., Oct. 8.—(P)—Dan Van Vleet's record of driving a million miles without a traffic accident was at an end today. His automobile was struck from the rear yesterday by another motor car in downtown traffic and four other automobiles became involved in the collision. Van Vleet, a postal special delivery messenger, suffered facial cuts.

Mrs. Fred Hussey of the Roodhouse community was included in the number of shoppers in the city yesterday.

RECEIVES CONGRATULATIONS

Hawthorne, Nev., Oct. 8.—(P)—Mrs. J. J. Connelly, 39, of Hawthorne received congratulations today on the birth of a healthy five pound son a week after she suffered a fractured hip and a broken collar bone in an auto accident.

Hospital attendants said the child was normal in every respect. Physicians described the mother's condition as "satisfactory."

Lawrence Crowley, Beer Baron, Dies Early Wednesday

Joliet Man Shot Down In
Front of His Home Early
Wednesday

Joliet, Ill., Oct. 8.—(P)—Lawrence J. (Butch) Crowley, "beer baron" of prohibition days who later became what he called "just a plain businessman," died tonight of bullet wounds without naming the young gunmen who shot him down in front of his home early Wednesday.

Crowley died at 5:07 p. m. (CST) in St. Joseph's hospital after being irrational or unconscious most of the time since he was ambushed.

He told police during the periods when they were able to question him that he did not know either of the two men who fired six shots at him as he was about to enter the \$50,000 mansion, rumored to have gold door knobs, which he was reputed to have built with his earnings as a beer dealer.

Police Captain Ervin Boe said he had asked Crowley if the attack might have grown out of a dispute over the slot machine racket, and the wounded man replied:

"I'm just a plain business man. I don't know why they plugged me."

Only two bullets struck Crowley, but one tore through his pelvis and bladder.

His widow, Gertrude, two brothers, Thomas and William Crowley and Mr. and Mrs. Andrew Branigan of Chicago, first cousins were with Crowley when he died. Crowley was 48.

He was given the last sacraments of the Catholic church.

Meredosia is Busy

Meredosia, Morgan county's only river port, might have been described by romantic writers a few years ago as "a lazy, picturesque little village, sleeping away the years on the banks of the Illinois river, and dreaming of a past that saw it one of the most flourishing settlements in the early part of the preceding century."

Today, such a description would be badly out of place. Meredosia is located on the banks of the river, all right but Old Man river has aroused from his nap, and is now bringing to the village renewed commerce. Meredosia is busy; river traffic is stopping at its doors more often, and the government's construction program at LaGrange locks, several miles to the north, insures continued activities for the next two years.

The state is rushing to completion a new bridge across the river that will multiply Meredosia's highway traffic several times. The bridge, alone, is counted upon to live up to business in the village. By summing up all the signs of returning prosperity, Meredosia's outlook is exceptionally bright.

The village has been selected as a place of delivery for between 700 and 800 car loads of steel and other materials to be used in the government locks. The shipments will be delivered at Meredosia by the Wabash railroad transferred to barges and moved up the river. All of this activity means more people and more business.

Morgan county will watch Meredosia's revival with interest, and a hope that it reaches large proportions. The village is fortunate in its location; a return of river traffic means that it will obtain its share of business. If the completion of the new bridge and the construction of the LaGrange locks start the village on a new era of prosperity, its effects will be felt throughout the county.

As to Hitch Hiking

Hitch-hikers have changed their tactics in Illinois since "thumbing" was prohibited by law. The most common method of getting a ride now is to loiter in the vicinity of a gasoline station, and then ask drivers for a "lift" when they come in to get gasoline. Many station operators discourage the presence of hitch-hikers, but cannot keep the drifters away from their patrons in front of their places of business. The hikers are resourceful, and can be counted upon to make contacts if possible.

While the majority of hikers are harmless individuals, the average driver gives all of them the go-by, not knowing the honest fellow from one who would whip out a gun and appropriate his car along with his money. A story comes from Mexico, Mo., that illustrates the potential danger of picking up strangers.

A business man of that city stopped at a filling station, and was approached by a woman who asked if he would take her to the next town. The car driver refused, when he saw the filling station proprietor shake his head. But the woman insisted, finally stepping into the car and seating herself. The driver threatened to "toss her out" before she obeyed his command.

After the business man had gone a couple of miles he saw a parked car occupied by two men, at the side of the highway. Returning to the filling station a few hours later he asked the proprietor why he had warned him not to give the woman a ride. The reply was that two men had left her and driven on, and that he suspected an attempt to rob someone.

No doubt the motorist saved himself some money or his car, perhaps serious injury or his life, by getting hard-boiled. Few motorists give lifts to unknown hitch-hikers unless they don't care what happens.

Soybean to The Front

Chinese eat rice, which is one of those bits of information known to practically everybody. And like so many things which everybody knows, the statement that Chinese eat rice is subject to a degree of modification, for rice is not the staple food of all Chinese. The inhabitants of the South China highlands do not eat rice. But the South China Highlanders have something as good as rice, perhaps better. It is the soybean. It contains all the elements necessary to sustain life, and from the standpoint of value and uses is the most important legume grown in China.

This plant, which has been grown for centuries in the East, has assumed within the last 15 years an increasingly important place in the United States. Today a wide field is open for it, and it is a field that is constantly growing wider. Its cultivation has become general in Illinois, and the opportunity appears almost unlimited.

Greatest use of the soybean in this country is not as a food though there is almost no limit to the variety of foods which can be produced from the bean. There are several test plots in Morgan county on which soybeans of the edible variety have been grown this year.

There are soybean bread and cake, for example, made from soybean flour. A palatable substitute for coffee can be made from the beans, and then, of course the beans themselves are food in their natural state, either green or dried. But as stated, the most important use of the soybean in this country is not as food. Nor is its most outstanding value that which comes as a result of the manner in which it builds up the soil on which it is planted. The soybean is the most effective nitrogen fixation agent known.

In 1917 there were 500,000 acres of soybeans under cultivation in this country. This year it is estimated that there are 6,000,000 acres of land planted to soybeans.

Illinois' soil and climate is ideally adapted to soybean culture. Farmers of this state have been among the leaders in development of the crop, which not many years ago was known commercially only in the old world. Industry as well as agriculture, Illinois should stand excellent chance of reaping the benefits.

Greene County 4-H Girls On Honor Roll

Exhibits Rate High; To Send Display to State Meet; News Notes

Carrollton, Ill., Oct. 7.—The following girls of this county 4-H clubs have made scores high enough to place them upon the honor roll: Clothing. Second year beginning. Mary Ellen Hensen 85 per cent or over. Cloverleaf club; Emma Jane Thiebaud, Berdan Busy Bees club, 85 per cent. Third year beginning. Madeline Brandt, Kane Stitch and Chatter club; Mary Ann Carmody, Berdan Busy Bees club. First year advanced. Lucille Blair, 85 per cent; Berdan Busy Bees club; Margaret Wehrly, over 85 per cent. roads is not known. Some of his friends feel he deplored Roosevelt's failure to insist that his term as coordinator be extended, despite opposition of railroads and railroad labor which joined together in a "public-banned" attitude.

Roosevelt preferred not to antagonize railroad labor by fighting for Eastman to the bitter end.

Fight Over Board Goes On
The battle between shipping interests and liberals who want a commission representing the public rather than the industry still goes on. Roosevelt passed up some important campaign contributions when he refused to accede to demands of the former.

It will be interesting to see whether even Vincent Astor, the multimillionaire who has shipping investments and was formerly considered a close personal friend of the president, will "kick in" for the Democratic war chest this year.

Shipowners, if they know about Eastman, presumably are pleased to know of his refusal. In a survey of coastwise and inland shipping, Eastman has severely criticized wages, labor policies, and working conditions. (Copyright, 1936, NEA Service, Inc.)

Heat Stroke Not Just Hot Weather Ailment; May Occur at Any Time

BY DR. MORRIS FISHBEIN
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine
The summer of 1936 was one of the hottest on record. In the United States the number of cases of heat stroke was greater than the average.

It should be remembered that heat stroke occurs not only in extremely hot weather, but may occur at any time in factories, laundry rooms, and kitchens where people work in extreme heat associated with considerable moisture. The symptoms of heat stroke seem to come suddenly on people outdoors because they are unaware of the effects of the heat. In most instances, the condition comes on gradually.

The person who is about to suffer a heat stroke feels weak and tired, gets dizzy and then drowsy. His digestion may be disturbed and he may have pain in his abdomen. Gradually he develops a fever; his pulse becomes rapid and his skin dry, hot, and flushed.

The pupils of his eyes are usually contracted or small. Associated with these symptoms is rapid and noisy breathing. In many cases of heat stroke, the pupils of the victim's eyes widen or dilate just before death.

As I have already said in previous columns in this series, the unconsciousness of heat stroke is occasionally confused with that resulting from drugs, bleeding, diabetes, changes in blood circulation, or epilepsy.

To avoid heat stroke, keep as cool as possible. In exceedingly hot weather wear light clothing, loose and porous. While working in an especially hot atmosphere, make certain that clothing is light, so that unnecessary heat is not retained in the body.

Taking cool baths at frequent intervals, or even washing the face and hands with cool water, will cool the body. Adequate sleep helps fortify the body for the unusual strain associated with heat.

People in a hot atmosphere will drink plenty of water because of the excessive evaporation of water from the surface of the body. They should remember, however, that this evaporation also causes the body to lose salt.

In industries in which people work under conditions of extreme heat, arrangements now are generally made to provide drinking water with a small amount of added salt, to prevent dangerous results. A solution of water containing about 1 per cent salt has been found quite successful in preventing heat exhaustion.

In case of heat exhaustion, the first thing to do is to get the person into a cool place and keep him absolutely quiet and flat on his back. Sponging with cool water will help control his temperature.

It may be necessary to give him coffee, to stimulate his blood. A doctor will administer all other necessary stimulants by injecting them into the

body with a hypodermic syringe.

Tropical authorities recommend that the victim be placed on a bed covered with a large rubber sheet. Then ice and cold water are rubbed over the body. At the same time the rubbing with the ice will encourage blood circulation.

The temperature should be taken regularly with a thermometer inserted into the lower bowel. If his temperature falls below 101 degrees, the cold application is stopped, the patient is covered with blankets, and the condition of his circulation is studied carefully to make certain that he does not collapse.

If the victim of heat exhaustion stops breathing, it is necessary to apply artificial respiration to keep the lungs ventilated.

After a person improves from heat stroke, he is given plenty of nutritious food and fluids to aid rapid recovery.

People who travel in the summer, particularly those using trains or trailers, should remember that ventilation is of greatest importance.

It is better under conditions of extreme heat to sit in an open coach with free circulation of air than in the smaller compartments and drawing rooms.

In a trailer the windows should be arranged to permit constant circulation of air and thus prevent exhaustion due to heat.

ROCKBRIDGE PUPILS ENJOY FIRST DANCE
Rockbridge—Local high school students held their annual bonfire and weiner roast on the campus Wednesday evening and after the outdoor activities they participated in the first dance of the school year in the gym.

The student committee in charge of arrangements was composed of Lester Robison, Howard Powell and John Spencer and members of the faculty acted as chaperones.

Carrollton Church Plans Rally Day

Elect Officers At Meeting; Special Program Is Planned For Sunday

Carrollton.—The trustees and stewards of the Carrollton M. E. church, elected at the fourth quarterly conference of the conference year with the district superintendent presiding, constitute the official board of the church. The members-elect held their first monthly session Tuesday evening in church annex, with the pastor Rev. Milton Wilson presiding and elected the following for the ensuing conference years: Pastor, Rev. Wilson, ex-officio chairman; Delbert Driver, vice chairman; Miss Zoa Simonds, recording secretary; George Clough, treasurer and financial secretary. The pastor, Delbert Driver, Joe Schroeder, and L. P. Simpson, repair and improvement committee; Ruyle, caretaker; Mrs. John Hammett, pianist.

NOTICE

We close at noon Sat., for inventory.
CAPITOL GROCERY CO.

Miss Mary Whiteside, assistant pianist.

After caring for the regular routine business the board elected a special committee to boost the attendance for church services at 10:45 Rally Day services next Sunday.

Rev. Wilson and the several committees assigned have made plans to have special features for each of the three programs next Sunday. A delightful program has been arranged for the Sunday school period at 9:30 a. m. with Mrs. Edith Allen directing. The promotion day roll call will be one of the features of this period.

At 10:45 a. m. the pastor has chosen for his sermon theme, "The Certainty of Success." Special music for the occasion.

At 6:30 p. m. the Epworth Leaguers will present a very attractive program with Miss Margaret Simonds in the chair. After the program the annual election of officers will be held.

The Sunday school board have set 200 as an attendance goal, and the Epworth League will endeavor to have at least 50 present next Sunday.

Dancers Added To MacMurray Lecture Series

Program for 1936-37 Series Completed by Addition of Humphrey Group

Doris Humphrey, Charles Weidman and a small group of their students are to dance in Jacksonville early in March. It was announced Wednesday at MacMurray College that these leading modern exponents of the art of the dance will furnish the fourth and final program of the MacMurray lecture series, the other attractions of which were announced recently. The series will be opened with a lecture by Ouis Skinner, veteran actor, to be delivered next Monday evening.

The Humphrey-Weidman pair are at present considered the outstanding dancers in the United States. Last April they presented an important program in Cleveland during the convention of the American Physical Education Association program. At that time hundreds of experts in

Cleveland for the meeting looked upon them and found them good.

A note in the convention program says the following of them:

"Their art represents one of the most revolutionary changes which have pervaded the field of physical education in recent years. The modern dance with all its vigor and freedom has supplanted the toe-slippers and frills of the ballet in the school gymnasium as well as on the stage. The dance in its modern form has important educational and recreational aspects and provides a physical outlet for the mental tensions so characteristic of this age in which we live."

"The range of artistry of Miss Humphrey and Mr. Weidman is evidenced by the wide variety of performances for which they have danced themselves or trained dancers. Their successes include appearances with the nation's best-known symphony orchestras, their own concerts, and most recently choreography and dance group training for the current stage success, "As Thousands Cheer." They have just completed a tour with the New York Theater Guild as featured dancers with Moliere's "School for Husbands."

During the past summer Miss Humphrey and Mr. Weidman conducted a school of the dance in connection with the Academy of Allied Arts in New York City.

Woman's Club Of Chapin Holds Meet

Annual Open Meeting Is Held At Joy Residence; Coterie Meets

Chapin.—The Chapin Woman's club was entertained Tuesday evening at the home of Mr. and Mrs. E. F. Joy at the annual open meeting, at which time the club entertains members of their families, local ministers, high and grade school faculty, and other guests. A winner roast was first on the program, and after the good things prepared by the food committee had been consumed the entertainment committee invited the guests indoors where an interesting program of readings by Miss Thyra Smith, contests, games, and stunts were enjoyed.

Guests included Mrs. Harry Rice, Mr. and Mrs. Milan Morgan, Miss Marian James, Mr. and Mrs. Arthur Acom, Rev. and Mrs. C. R. Porter and three boys, Mr. and Mrs. E. J. Lashmet and son, Mr. and Mrs. William DeHart and two daughters, Miss Thyra Smith, Miss Seebach, Miss Margaret Nieman, Miss Voss, and Miss Erma Herbert.

Coterie Meets
Mrs. Edwin Aufdenkamp was hostess to the Joy Prairie Coterie Wednesday afternoon. Roll call was answered by "Political Sparks." Miss Rose Marie Nordick of MacMurray College was introduced by the hostess and gave two delightful readings, "The Garbage Man" and "Camilla Ricardo." During the business session it was announced that the program for Coterie would be called at 2:15 during the winter months. A social hour followed the program. The hostess served delicious refreshments. Mrs. Harry Rice was a guest.

Unopened Roads In Bad Condition

Oiled and Gravel Roads Have Withstood Rains, Report for Week Says

Unopened earth roads are in poor condition but most of the oiled and gravel roads are in good to excellent condition now.

Washington, D. C., is 200 miles via US-36 to Indianapolis; US-40 to Frederick, Md., and thence on US-249 to Washington. In several places this route has some road under construction the longest and most troublesome stretch being between Columbus and Zanesville, Ohio. This is rough and dusty during dry weather and slippery during wet weather and extends three miles, most of which is one-way traffic. East of Washington, Pa., is a long detour but this is pavement, in good condition. Most of the other construction is shoulder work. The foliage through the mountains is very colorful at this time of year.

Knoxville, Tenn., is 610 miles via Vincennes and Louisville to Lexington or via Indianapolis and Madison to Lexington and thence through Berea, Corbin and Jellico. South of Berea, Ky., there is a stretch of road being resurfaced with oiled gravel, and a short mountain detour at Jellico, neither of which will cause a great amount of inconvenience. The oiling process will be finished in a few days. A paved detour is also in effect between Louisville and Shelbyville, Ky. The Great Smoky Mountains, in the vicinity of Knoxville, will be particularly attractive during the middle of October when the trees take on their autumn coloring.

On US-66 to Chicago several stretches of one-way traffic will be encountered on account of pavement repairs which do not interfere with traffic to any great extent.

Receivership Collects \$140,000 During Last Three Months, Report

Collections amounting to \$140,000 were reported by Nelson Greene, receiver for the Ayers National bank in the regular quarterly report released yesterday. The bank recently authorized payment of an additional five percent dividend, and expects to authorize another dividend sometime in the future.

Total collections of over \$4,000,000 have been effected since the bank closed here Nov. 21, 1932, the receiver said this morning. The receivership has paid back to the Reconstruction Finance Corporation almost two millions.

The receiver stated that thus far the demand for the five per cent dividend checks to depositors of the bank, made available this week, has not been brisk. He pointed out that the receivership has put additional employees to work to handle the demand, and urged that depositors call for their dividends as soon as possible.

The statement is as follows:

Any Farm Anywhere

CAN ENJOY MAYTAG HELPFULNESS

For twenty-two years, farm homes have enjoyed the convenience of Maytag washings. Maytag was the first self-powered washer for homes without electricity.

But there are other reasons why Maytag is the preferred farm washer. Its square, cast-aluminum tub is roomier, and more convenient—the Gyrator water action washes faster, cleaner, more gently. The Roller Water Remover has an enclosed, self-reversing drain. Investigate the Maytag, its reasonable cost and easy payment plan.

THE GASOLINE MULTI-MOTOR is a simple, dependable, modern engine built for the woman to operate. Electric model Maytag available for homes with electricity.

River locality reported Wednesday morning that ducks and geese were flying south in flocks for the first time in any considerable numbers. Indications pointed to the fall migration being underway.

William Galore, who lives near the mouth of Coon Creek stated that ducks, geese and brants were flying south, but not stopping in the Jersey-Calhoun locality. Some white Canadian ducks had also passed over.

This type Galore stated very seldom makes a landing in this part of Illinois. They greatly resemble the ice ducks of the north.

Colder weather conditions in the north country were accounting for the passing of the water fowl through here.

cracking down on speeders in the regulated zones of the City of Jerseyville. Tuesday he arrested Harry Carter of Carrollton on a charge of reckless driving through a school zone.

Shortall charged that Carter was driving forty-five miles through a school zone and passing traffic on the wrong side.

Carter was arraigned before Justice Thatcher where he entered a plea of guilty to a reckless driving charge under the city ordinance. He was fined ten dollars and costs.

Former Citizen Dies

Funeral services will be held today at two o'clock for William Henry Frost, formerly of Jerseyville, who died at his home in St. Louis Tuesday, Oct. 6th. He has been in failing health for the past few years. Interment will be in the Bellefontaine cemetery.

The deceased is a native of Jersey county, but has resided for many years in St. Louis. He was a son of the late

White Hall Business Man Weds Sunday In Okawville Rites

**To Open New Business In
White Hall Soon; Other
News From Community**

White Hall—Edward H. Backs, manager of the new department store to be opened here in the Danforth building this month, and Miss Evelyn Fitch of Centralia, daughter of Mr. and Mrs. J. M. Fitch of Cincinnati, Ohio, were united in marriage in the Lutheran church at Okawville, last Sunday. The double ring ceremony was read by the pastor, Rev. Mr. Schutt. The attendants were Mr. and Mrs. Archie Haines, and the witnesses were Mr. and Mrs. Carl Streuter of Okawville. The bride wore brown with brown accessories.

The bride groom is the son of Mrs. Backs of Nashville and graduated from the Nashville High school and took a short business course. His bride graduated from the Centralia high school and also took a business course.

They came to White Hall Monday morning and have taken the furnished home of Mrs. G. W. Whiteaker on West Bridgeport where they will reside.

Return From Trip
Mr. and Mrs. W. D. Edwards returned from their honeymoon trip in Wisconsin, Tuesday evening and are now settled in their new home on the farm south of White Hall, which had been prepared for their occupancy.

Mrs. Edwards before her marriage last Thursday was Miss Abbie Lee Roodhouse.

Mrs. Lucy Garrison who resides at Pearl, was 78 years old, Tuesday and thirty three members of her Sunday school class form the Christian church in Pearl went to her home and helped her celebrate the event as a surprise.

Miss Mary Evelyn Boggess went to Carrollton Wednesday afternoon to visit with Rosalie Ewart until Friday.

Mrs. E. J. Peck who has been visiting with her brothers and sisters in Springfield and Jacksonville for the past three weeks, and her cousin, Mrs. Emma Conlee, who lives in her home and who visited relatives in Modesto during the three weeks, have returned to their home here on North Main street.

Mr. and Mrs. Harper have moved into the Walker house on South Main street.

Miss Maxine Mitts returned to Chicago Sunday after having been at the home of her parents, Mr. and Mrs. Fred Mitts for a week convalescing from a tonsillectomy.

Mrs. Merrill Bates of White Hall and Mrs. Wilson McIver of Roodhouse expect to leave Friday and drive to Chicago to spend the week-end with Mrs. Bates' daughter, Anna Mae and Miss Maxine Mitts.

Mr. and Mrs. J. P. Gray of Fairfield spent the week-end here with their son and his bride, Mr. and Mrs. Jewel Gray.

Mr. and Mrs. Frank Pekarek and little son, Francis John returned to their home in St. Louis last Sunday after spending two weeks here with her mother, Mrs. Eva Singleton on West Franklin street.

**DAUGHTERS OF 1812
INVITED TO OCT. EVENT**

Mrs. Lewis Sims, president of the Frances Scott Chapter, U. S. Daughters of 1812 has received an invitation from the National Daughters of the American Colonists, inviting the members of the chapter to attend the ceremony of dedication of "The Gate-way" at Fort de Chartres near Prairie du Rocher, Illinois, on Tuesday, October 13th at 2:30 o'clock.

The invitation indicates that the ceremony will be an outstanding event. This fort was erected in 1720 being the seat of civil and military government in the Illinois country for half a century.

This "Gate-way" is part of the restoration program which is being done to preserve the colonial landmarks. Members of the Frances Scott Chapter 1812, who expect to attend are requested to notify Mrs. Sims as soon as possible.

Lonnie Strowmatt of Ceres Station was among those transacting business in Jacksonville yesterday.

Mr. and Mrs. Hobart Basham were in the city yesterday from Alexander.

Association, held at Manchester Tuesday. The local church is a member of the association. A group of young people from here also attended the B. Y. P. U. session of the meet that evening, and also were present at the annual banquet in the church basement at 6 p. m. For the past three years, prior to this year, the local young people's organization has won the trophy for attendance at the B. Y. P. U. session of the association, and in doing this they were allowed to permanently keep the trophy. No award was given this year.

Among those from here attending the Manchester gathering Tuesday were Mr. and Mrs. Clyde Lewis, Mr. and Mrs. George Hayes, Mrs. Lola Bowman, Miss Glenna Adams, Mrs. Ben Cowper, Mrs. Millard McGlasson,

Mrs. J. A. Young, Cliff Lewis, Cloyd Young, Miss Helen Glanton, Miss Glenna Howard, Miss Mildred McEvers, Mr. and Mrs. Harry Young, W. S. Wilson, Mrs. Gus Peterson, Miss Lois Blair, Miss Dorothy Killebrew, Eugene Doris Finkel, Chester Gourley, Eugene Blair, Allan Young and Estelle Cowper.

Eugene Blair, who has served as B. Y. P. U. president of the association for the past two years, retired this year and was replaced by Paul Edwards of Manchester.

Glasgow Personal

Mr. and Mrs. William Bristow and son, Wayne of Milton and Mrs. Hazel Hardwick and son, Deneen of Arkansas were Sunday evening guests of the former's sister, Mrs. Chas. Cloninger and family.

Wilson Howard left Monday morning for Winchester, where he was accepted as an entrant to a CCC Camp.

He was sent to Joliet, and from there will probably go to a permanent camp at Rock Island.

Mrs. Jesse Terhune and sons, Clinton and Warren and Miss Olive Summers were Sunday dinner guests of Mr. and Mrs. Bert Northrop and family, east of Alsey.

Several from here attended the opening basket ball game of the season at Alsey Tuesday night. Hillview was the opposing team of the evening. Lee Price is home from his work in East St. Louis this week.

Hunter Pink of Riggison was a business caller in the Glasgow neighborhood Tuesday morning.

Mr. and Mrs. John Noel of Frederick, Mr. and Mrs. Kirt Lettice and Mrs. Alex Young and son, Ralph were Sunday guests of Mr. and Mrs. Chas. Grum, Sr., and daughter, Miss Dell. The dance in the M. W. A. Hall, announced for Wednesday night, Oct.

14th, has been postponed until election night, Tuesday, Nov. 3rd, on account of another dance in Winchester on the former date.

Elects Teachers

At the election of teachers and promotion exercises at the Baptist Sunday School Sunday morning, the following were chosen to teach the eight classes for the coming year: Bible class, Mrs. Cliff Lewis; Live Wire class, Mrs. Gus Peterson; Room-For-You class, (teacher not chosen yet); Helping Hand class, Miss Ruby McEvers; Busy Bee class, Mrs. J. A. Young; Sunbeam class, Mrs. Lola Bowman; Sunshine class, Miss Dorothy Drummond; Beginners, Mrs. Ben Cowper.

Mr. and Mrs. Ed McNeely of the Lynville community were callers in the city yesterday.

State Gave Morgan Libraries \$1,913 During Past Year

General Assembly Created
Fund For Tax-Free
Libraries

Public libraries of Morgan county have received \$1,913.70 to replenish their book shelves during the past year from library relief funds administered by Secretary of State Edward J. Hughes, it was announced yesterday.

The individual libraries that received assistance and the amount paid each are as follows: Jacksonville, \$1,774.70; Waverly, \$139.00. The 59th General Assembly created the fund for relief of all free tax-supported libraries within the state. As Secretary of State, Mr. Hughes, who also is state librarian, was designated by the legislature to allocate the fund among the various libraries. With the aid and counsel of the Illinois Library association, allocations were made for the purchase of books by libraries on a basis of five cents per capita. This fund permitted purchase of

reference books on technical and business subjects, replacements, old and new books for children, recently published books on a variety of subjects, magazine and newspaper subscriptions. There are 278 free tax-supported libraries in Illinois.

PRIVATE SWARRINGIM HERE FOR CEREMONY

Private Howard W. Swarrigim of the Motor Corps, Jefferson Barracks, Mo., arrived here Wednesday night for funeral services to be held today for the late Private James Heini, who passed away in Washington, D. C. recently.

The two boys enlisted in the United States army 18 months ago, and have been together at Jefferson Barracks throughout their enlisted period. Private Swarrigim plans to visit his father in the Veterans hospital at Quincy before returning to the post.

HORNER VETERANS QUARTETTE TO SING

The Horner Veterans Organization quartette, selected from 80,000 members of the State-wide Organization, will appear on the program at the fish fry and dance at the Woodland Inn Friday night, beginning at six o'clock. This is the quartette that has been appearing with Governor Horner throughout Central Illinois.

for the past several weeks and their perfectly blended harmony has received most enthusiastic praise wherever they have appeared. The quartette pictured above, left to right, consists of: Eugene Smith, Decatur, First Tenor; Roy Fox, Springfield, Second Tenor; Rudolph (Doc) Keil, Peoria, Baritone.

Pred Raney, Quincy, Bass. These four men are all employed in independent businesses and not in any way connected with any State Department. The remarkable success of this quartette has created an unusual demand for their services, for county meetings, picnics and homecoming celebrations.

Roodhouse Bank Has Paid Off Depositors

Paid Off in Full with Six Per Cent Interest, O'Connor Says

Washington, D. C.—J. F. T. O'Connor,

comptroller of the currency, announced yesterday the completion of the liquidation of the First National Bank of Roodhouse, in receivership since February 1, 1933. Depositors and other creditors were paid 100 percent principal with interest in full amounting to an additional dividend of 6 percent, O'Connor explained.

necessary registration books for making up the registration list of all voters in each precinct in Morgan County. The registration days are October 13 and 27, and the registration law governing Morgan county states:

"The persons authorized by law to act as judges of elections shall constitute a Board of Registry for their respective precincts and shall meet on Tuesday, three weeks preceding any state election, at 9 o'clock a. m., and proceed to make a list, as hereinafter prescribed, of all persons qualified and entitled to vote at the ensuing election, in the election district of which

they are Judge; which list, when completed, shall constitute and be known as the 'Register' of electors of said election district.

"Said Registry shall each contain a list of the persons so qualified and entitled to vote in said election district, alphabetically arranged, according to their respective surnames, so as to show, in one column, the name in full length, and in another column, in cities, the residence, by the number of the dwelling, if there be a number, and the name of the street or other location of the dwelling place of each person. It shall be the duty of said Board to enter in said list the names of all persons residing in their election district whose name appears on the poll list kept in said

district at the last preceding election, all persons who will have become of legal age, and all persons who have resided in the state one year, in the county 90 days, and in the precinct 30 days.

"In making said list, the Board shall enter thereon, in addition to the names on the poll lists, the names of all other persons who are well-known to them to be electors in said district; and the names of all persons on the poll list who have died or removed from the district shall be omitted from the register."

"The said Board shall then meet on Tuesday of the week preceding said election (October 27) in their respective election districts for the purpose of revising, correcting and completing said list and for this purpose in cities they shall meet at 8 o'clock in the morning and remain in session until 9 o'clock p. m. and in other districts they shall meet at 9 o'clock in the morning and remain in session until 4 o'clock p. m.

One of such registry books must be returned to the county clerk with the

returns of the election of November 3, 1936.

All persons furnishing their residence or place of business as a polling place for their district should make available for the use of the judges such dwelling or place of business on the respective days of October 13, 27, and November 3; and it is the duty of the persons providing the polling place to furnish tables, chairs, heat, and light for the accommodation of judges and clerks.

Poster Exhibit to Open Season Here

French Artist, Cassandre, to Send Famous Works to Strawn Gallery

Cassandre posters will be on display at the Strawn Art Gallery on October 9, for ten days. Twenty-one posters in color and three original designs will be shown in a variety of sizes from less than two feet square to nearly thirteen by eleven feet. The exhibition, recently shown at New York's Museum of Modern Art, was arranged by Miss Ernestine M. Fantl, curator of its department of Architecture and Industrial Art. This exhibit is the first of the series to be shown at the Strawn Gallery this winter.

A Mournon Cassandre is probably the foremost poster designer in the world. Born of French parents in Kharkov, Russia, in 1901, he is a French citizen and lives in Paris. Although he studied in the Academie Julian and in the free schools of Paris, he considers himself self-taught in his particular art. Many painters and illustrators have

made designs for posters, but Cassandre is essentially a poster artist and not an easel painter.

His first poster was published in 1922 and by 1923 his fame had been established. Cassandre has designed about 60 posters for steamships, wines, shoes, horse races, railways, magazines, fairs, tennis matches, newspapers and airlines. Gouache is his general medium, applied conventionally or with paint gun or stipple brush. He employs stylistically many of the manners of modern painting.

Examples of cubists and surrealist posters are shown in the exhibition.

Perhaps his most widely known posters are those of the little Dubonnet man who appears all over France in a great variety of sizes. His is the universal appeal of Mickey Mouse.

All interested in art are invited to view this display, which is outstanding in the series.

of schools. Preliminary rounds will be held in township centers from Nov. 17 through Nov. 20, and the finals will be held in this city Dec. 5. The county superintendent is compiling a list of words which will be submitted to the students who are qualified to enter the contest. Students must have a grade of 90 or better in spelling in order to enter the preliminary contests, and also must not have reached their 16th birthday anniversary before the state contest to be held during the Christmas holidays.

Miss Virginia Colwell, of Alexander won the county championship last year, and placed seventh in a field of 52 students in the state contest, held in Springfield. The county champion is automatically entered in the state contest, and the state winner is entered in a national contest.

Words to be submitted to the pupils in the spelling meet are being selected from the 6th, 7th and 8th grade readers, the spelling book, and from common words used in newspapers.

Teachers have been authorized by the county office to dismiss school for

the half-day in which the teachers have contestants entered in the district contests. Teachers of the district center schools also have been authorized to select helpers to grade papers following the contests.

Legibility will count in the grading, the county superintendent has ruled, stating that words written illegibly will be counted as being wrong. In case of a tie, words not on the list will be submitted to determine the winner.

Prizes for the winners in the districts will consist of buttons with safety clasps.

Alleged Chicken and Egg Thief Is Held

Missouri Sheriff Takes Robert Hendricks Back for Questioning

Robert Hendricks, colored, of Bowling Green, Mo., was returned to his home city yesterday afternoon by Sheriff E. A. Tucker of Pike county, Mo., for investigation into a theft at the Kleppege Brothers hatchery there. Hendricks was arrested here Wednesday after he unsuccessfully attempted to sell three cases of eggs to a local business man. Hendricks successfully disposed of four chickens, police said, but when he offered to sell three cases of eggs, the business man became suspicious and notified local officers.

Hendricks was picked up at a local packing plant when he is said to have attempted to sell the eggs there. He denied charges at first that the eggs had been stolen, and then is said by police officers here to have confessed a part in a plot to dispose of property from the Bowling Green plant.

According to the story police said he related, Hendricks, a truck line driver, picked up the eggs and chickens which were set out for him by employees of the Bowling Green plant. Police said Hendricks told them he sold some chickens and 84 dozen eggs here a short time ago.

GOVERNOR ISSUES PROCLAMATION FOR STATE P.T.A. WEEK

Parent-Teacher Week has been designated by Governor Henry Horner as beginning Oct. 18, in the following proclamation received by local chairmen:

A PROCLAMATION
On February 17, 1897, under the leadership of devoted and understanding American women, the present National Congress of Parents and Teachers was first organized under the name of the National Congress of Mothers. As a vital force for education and public welfare this organization has become nation-wide in its influence for good. The Illinois unit was among the first branches to be organized and has been in the forefront of all the activities sponsored by the National Congress.

With the primary purpose of securing close and harmonious co-operation between our citizens and the teachers of their children, the Congress of Parents and Teachers stresses the vital issues of health and safety, good citizenship, character building, the wise use of leisure, the advantages of vocational and economic effectiveness and other beneficial objectives.

The spiritual and mental development of the youth of Illinois is of paramount importance to the future welfare and progress of this State. It is to the interest of every citizen to become an active participant in the admirable work of this ever useful organization.

Now, therefore, I, Henry Horner, Governor of the State of Illinois, do hereby proclaim the week beginning Sunday, October 18, of the present year as Parent-Teacher Week, and request that the churches, schools, and civic organizations of each community devote at least a portion of their programs of that week to exercises and discussions of the work which has been so splendidly advanced by both the National and Illinois Congresses of Parents and Teachers.

And I especially urge the fathers and mothers of all children attending school in this State to visit the teachers of these children at the schools and to attend the current Parent-Teacher meetings. By so doing the cause of education and its impelling ideals will be materially advanced.

In witness whereof, I have hereunto set my hand and caused the Great Seal of the State of Illinois to be affixed.

Done at the Capitol, in the City of Springfield, this fourteenth day of September, in the year of our Lord One Thousand Nine Hundred and Thirty-six, and of the State of Illinois the One Hundred and Nineteenth.
(Signed) HENRY HORNER, Governor.

Edward J. Hughes,

Local Pastor Gives Convention Sermon

Rev. F. D. Stone Is Speaker At Baptist Association Meet Wednesday Evening

Rev. F. D. Stone, pastor of First Baptist church, was the principal speaker Wednesday night before the Springfield Association, which will close its 99th annual meeting this evening. Rev. Mr. Stone took for his text "If any man will do the will of God, he shall know of the doctrine, whether it be of God, or whether it be of man." His theme was "The Test of Christianity."

The speaker declared that the real acid test of Christianity is deeds, not words. "We have enough preaching, enough teaching," he said, "what we need is more action, more real living, more of doing the will of God. "When church people refuse to speak to one another and refuse to forgive one another, they need not wonder why there is no revival. There cannot be a revival under such conditions. We need to study more and do our work better in the ministry and in the congregation. We need to discover the will of God and then do our best to put it into practice."

Rev. C. W. Webb, clerk of the association, brought the devotional message of the evening, giving the audience a study of Phil. 1:1-14. Special music for the evening was furnished by Miss Rhoda Olds and William Pierce Smith, who sang a duet, "Rock of Ages." Miss Olds also sang a solo, "The Old Rugged Cross."

DISTRESS SUIT FILED

Benjamin B. Lorton is the complainant in a distress for rent suit filed in the Morgan county circuit court in which Henry Milhahn is named as the defendant.

CUT YOURSELF A PIECE OF CAKE

It's POLY's Birthday Party

Just one year ago, car owners were given their first opportunity to try the new Phillips 66 Poly Gas... the extra-powered motor fuel resulting from the patented POLYmerization process.

During these twelve months your increased purchases have pushed Phillips gasoline sales to an all-time peak in the company's history.

It has been an exciting, dramatic year. A year filled with the problem—not of how to find purchasers, but of how to meet the constantly growing demand for this new kind of gasoline.

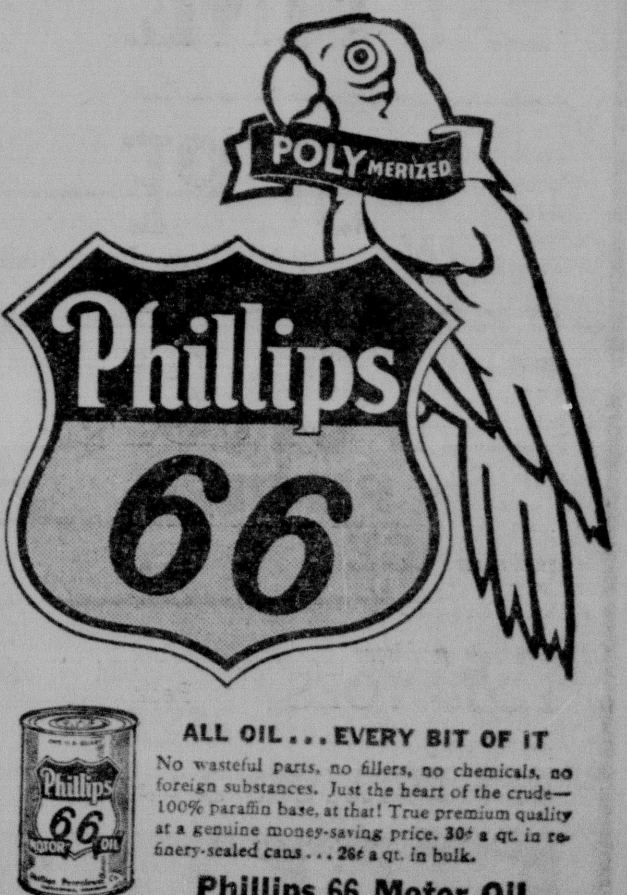

More and more motorists were finding out that there is a difference in gasolines, a difference which they could actually feel in their engines. They were discovering the extra value given by a gas 100% custom-tailored... a gas enriched with added energy units by the scientific Poly process... a gas offered by the world's

largest producer of natural high-test gasoline.

Gains in sales followed on top of previous gains. The figures skyrocketed in a way never before seen in the industry. All this is tremendously important to you, because obviously "It takes a great gasoline to grow like that!"

Deeply grateful to the millions of experienced drivers whose purchases of Phillips 66 Poly Gas made possible this record-breaking year of achievement, we invite you to try a tankful of this amazing new gasoline.

In the spirit of Poly's first anniversary, we say "Cut your car a piece of cake." Give it a chance to give you far finer performance, with a gasoline that really delivers more power, pep, and mileage—that pays off big in your motor for every penny you pay at the pump. And remember that Phillips 66 Poly Gas does not cost a penny more than ordinary gasoline.

ALL OIL... EVERY BIT OF IT
No wasteful parts, no fillers, no chemicals, no foreign substances. Just the heart of the crude—100% paraffin base, at that! True premium quality at a genuine money-saving price. 30¢ a qt. in refinery-sealed cans... 26¢ a qt. in bulk.

Annual Conference

Morgan-Scott Association
Meets; Other News
From Manchester

Manchester, Illinois, Oct. 8.—The thirty-fifth annual convention of the Morgan-Scott Baptist Association was held at the First Baptist church of Manchester Tuesday. A guest speaker was Rev. E. E. Best of Roodhouse. Among those present were a representative of the Old People's Home at Maywood, Rev. Daugherty of Litchfield, representing The Huddleston Orphanage at Centralia; Miss Cecelia Johnson, missionary to Burma. L. H. Koehler, superintendent Young People's work in Illinois and Rev. Robinson of Alton in behalf of Shurtleff College. All sessions were well attended. Rev. F. V. Wright, Winchester was re-elected moderator and

HAPPY RELIEF
FROM PAINFUL
BACKACHE

Caused by Tired Kidneys
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Mrs. Goff, of Ashland re-elected clerk. Paul Wane Edwards was elected president of the Associational B. Y. P. U. The next session will be held at Union Baptist church in Morgan county. The ladies of the church served 100 dinners and the banquet in the evening for the young people was well attended.

News Notes
P. T. A. meeting at Akers school was held on Friday evening, Oct. second. Meeting was opened by singing "America," followed by the pledge of Allegiance to the Flag. After a short business session the following program was given: Music—Mr. and Mrs. H. L. Sinclair. Masquerade parade. Recitation—Dale Walker. Music—Mr. and Mrs. Sinclair. Readings—Mrs. David Barbur. Music—Mr. and Mrs. Sinclair.

News Notes

WHITE HALL MILK
MAN QUILTS AFTER
30 YEARS ON ROUTE

White Hall—Loren Fraser who lives in the High Street neighborhood southwest of White Hall, discontinued his milk route Monday after having traveled back and forth from his home bringing milk from his own herd of cows and that of other dairy farmers between his home and White Hall for more than thirty years. He has traveled the sixteen miles Sunday and week days all that time through all kinds of weather and over dirt roads, using at first a team and light wagon to haul the large milk cans, and since 1920 a truck, when the roads were so that he could drive the truck and when they were too muddy, then bringing out his old faithful team again. He was a familiar figure to those who lived on the route and those who went that way. He not only hauled his neighbors milk but their groceries, too, when they were unable to come into town for themselves. Many a person has also had a free ride on his wagon or truck, when they wanted to come into town or go out into his neighborhood. The milk was delivered to the White Hall Milk Condenser, where it was converted into milk products and shipped to the city, and also supplied the local trade. Edward Henson who resides in the same neighborhood as Mr. Fraser has taken over the route.

LYNNVILLE M. E. AID
SOCIETY HOLDS MEET

The Lynnville M. E. Church Aid society met Wednesday afternoon at the home of Mrs. Mabel Sturdy and Mrs. Scott Holmes. Mrs. F. J. Schofield, president was in charge of the business meeting.

Opening songs were "Bringing in the Sheaves" and "Softly and Tenderly." Scripture was read by Mrs. Charles Schofield followed by the Lord's Prayer in unison. Roll call was answered with a Hallowe'en prank. Arrangements were made for a duck dinner to be held election day.

CHILD FRACTURES ARM

I.C. Goes To Missouri Today; Crimsons Tackle Winchester Eleven

Nusspickel Plans To Start Reserves Against Girardeau Walker Expecting Hard Game

Friday Games
J. H. S. at Winchester (2:30 p. m.)
I. C. at Cape Girardeau, Mo. (7:30 p. m.)
Roodhouse at Pittsfield (7:45 p. m.)
Carrollton at Jerseyville (7:45 p. m.)
Saturday Games
Hannibal-LaGrange at I. C. Freshmen (2:30 p. m.)
Pleasant Hill at White Hall (2:30 p. m.)

Football appetites of Jacksonville's fans, whetted by Illinois College's tie with Illinois Wesleyan last week and Jacksonville high's victory over Girardeau here, will have a new dish to appease their desires this week when the Illinois College freshmen, the first team ever so called on the Hilltop, is uncovered here Saturday afternoon when Hannibal-LaGrange Junior college comes here for the only game on the home card.

The Blueboy Varsity will leave this morning for Cape Girardeau, Missouri, where tonight at 7:30 p. m. they are scheduled to go forth against the Cape Teachers. Coach Ray Nusspickel said yesterday that he might start his reserves in this game, and that they would stay in the game as long as they showed ability in holding the Teachers.

Coach Frank Walker, who this afternoon will take his Crimsons to Winchester, will stick by the same line-up which won from Girard 13-0 here last week. The line-up, although lighter than the one he launched in the opening game of the season, has shown more ability than his heavyweights, and ability is what the coach believes will be needed to stop the pass throwing Winchester team.

Illinois School for the Deaf had been unsuccessful in lining up an opponent for this week-end, and as a result, the Tigers probably will have a rest. Some of the boys may get over to Cham-

paign to see Southern California and the University of Illinois tangle in their game.

Leave This Morning
Nusspickel nominated his entire squad for the trip to the Cape, and the troupe of gladiators were scheduled to leave at 7:30 this morning. Managers expected to halt the bus in which the team is making the trip, at Belleville for lunch, and then proceed on to Cape Girardeau in time to get a meal by 4:30 p. m., and a bit of rest in a hotel before the game begins. The squad will remain all night at the Cape, returning home Saturday.

Bendel, center, Bluthardt, Waffler and Zupisch, guards, Paterson, John-esse and Pittman, tackles, Waller and Olson, ends, Lambaiso, quarterback, Kalteaux, Frey, Bell, and Clem, half-backs, and Lambert fullback, probably will be the starting line-up. Lorenz and Hartong, ends, McWard, Rowland and LaRossa, tackles, Jones, center, Donat, Spuehr, Capt. Smith and Mangieri, backs, also will make the trip.

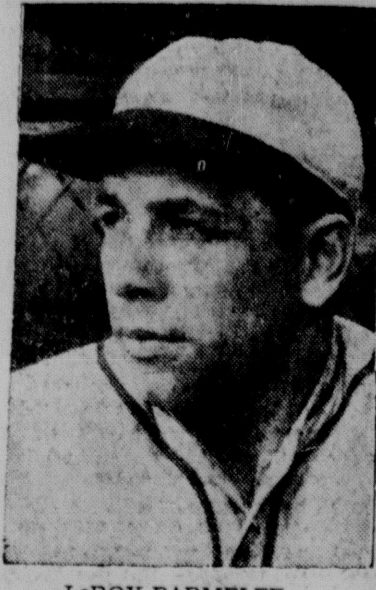

Walker Names Starters
Coach Walker said yesterday he expected to start about the same team that won from Girard. The Crimsons went through a final session of throwing passes and watching for them, while the linemen worked on the tackling dummies.

The Winchester game, which will be called at 2:30 p. m. is one of the naturals on the J. H. S. card. It wasn't until a few years ago that J. H. S. was able to break up a string of Winchester victories that mounted to nine in a row, and since that time, the Crimsons have been taking the decisions, usually by small margins.

Stromwater probably will be the selection to start at center, with Greenleaf and Brown working as guards, Chinoweth and Spink as tackles, Abel and Schaudman as ends, Ranson, Scott, Summers and Hickie in the backfield.

Cubs Trade Lon Warneke to Cardinals For Bud Parmelee And Jim "Ripper" Collins

Chicago, Oct. 8.—(AP)—Owner Phil K. Wrigley wasn't fooling when he told Manager Charlie Grimm to trade any or all of his Chicago Cubs in seeking "punch and color" for 1937.

He proved it today by approving the trading of one of his greatest stars, Lonnie Warneke, stout-hearted stop hand of the Cub hurling corps since 1932, to the St. Louis Cardinals for Jim (Ripper) Collins, slugging first baseman, and LeRoy (Tartan) Parmelee, strapping righthanded pitcher.

The deal, first big blast of the major league bartering season, was just a starter in Wrigley's plans for a sweeping shakeup, it was indicated at the Cub offices. Charles (Boots) Webber, secretary-business manager of the club, said other deals were brewing, but mentioned only one—negotiations with the New York Giants for outfielder Hank Leiber.

Reports also were current that Captain Woody English, Grimm's infield "insurance," and the veteran Gabby Hartnett, a great favorite of Cubs fans, will be used for trading bait.

Only dire need of a first baseman to replace young Phil Cavarretta could have induced him to part with Warneke, Grimm told Wrigley in making the deal. He said he offered the Cardinals, whose lack of pitching strength caused them to fade during the stretch drive in the National league race, every other hurler on the staff. The Cardinals, however, insisted on Warneke, and Grimm, determined to get Collins, yielded.

Grimm said he "hated like hell to part with Warneke," and lauded the lean Arkansan as a "great pitcher and a loyal, faithful player." He said however, that he believed Parmelee should win "18 or 20 games for the Cubs."

Both clubs were pleased with the deal. The Cardinals got a much-needed pitcher to team up with the great Dizzy Dean and brother Paul Dean—if the latter regains form—to round out a potentially powerful "big three."

The Cubs obtained a fine fielding first baseman and a power-hitter, the lack of which probably cost them the title they won in 1935.

Warneke, who suffered an arm injury in the fifth game of the 1935 world series, started slowly last season, but reached his real form during the last six weeks and finished with a record of 16 victories and 13 defeats. Parmelee, obtained by the Cardinals from the Giants in exchange for second baseman Burgess Whitehead a year ago, started well, but sagged and wound up with 11 victories and 11 defeats.

Collins hit .313 in 1935, but fell into a batting slump midway of last season and yielded his place to rookie Johnny Mize. He batted .289 in 103 games, hitting 13 homers and driving in 48 runs.

Regardless of how the angling for Leiber turns out, Grimm plans to make an outfielder out of Cavarretta, whom he believes will become a slugger.

FAMILY GATHERING IS HELD SUNDAY AT MADDOX RESIDENCE

Virginia, Oct. 8.—A family gathering was held Sunday at the home of Mr. and Mrs. U. G. Maddox of this city to celebrate the fiftieth wedding anniversary of Mr. and Mrs. A. M. Expect Crowds At Grid Games

New York, Oct. 8.—(AP)—Picking up where major league baseball left off, with a flock of new records for attendance, the college football season appears likely to draw the biggest crowds in its history.

The trend has been upward in most parts of the country for the last season or two as a consequence of readjustments made to counter-act the effects of the depression years. Already there are signs of the 1936 "boom" in pigskin popularity.

Ohio State will play its second straight capacity or near-capacity crowd this Saturday at Columbus with the Pittsburgh Panthers as the visiting participants in a game that bears upon the national championship situation. Last week around 72,000 saw the Bucks overwhelm New York University. This week, 75,000 likely will jam the big stadium.

Grant P. Ward, writing in the Ohio State Journal, forecasts the Bucks will draw more than 500,000 spectators this season. He adds: "The answer is that the Bucks have color and are facing a difficult schedule in which every game is a headliner. That combination is bound to pack them in, especially in case of a winner."

That's the tipoff on the new "big league" policy in college football. More major teams are playing more opponents in their own class, from start to finish, than ever before. It applies to every section of the country.

Selected Stock Shares Strong

New York, Oct. 8.—(P)—The stock market plodded ahead today to reach a new five-year peak for the fourth consecutive session.

While trading dwindled, bulls found action in selected shares. Leading stocks were whirled up to new tops in late trading and American Can, Yellow Truck, Chesapeake & Ohio and Warner Bros., sparked with gains of 1 to 4 points.

Measured by The Associated Press average of 60 stocks, the market stretched its run of consecutive advances to seven sessions. The average closed at 70.6, up .1 to the highest since May 8, 1931.

Renewed European tension over Soviet Russia's note on the Spanish situation apparently did not mar widespread optimism for further domestic business recovery.

Transactions fell to 2,223,080 shares from 2,017,000 in the preceding session. Chesapeake & Ohio closed up 4 to 74 1/2 after a scramble to buy on announcement of plans for payment of extra dividends. Chesapeake Corp., which has working control of the road, sprang for a net gain of 4 1/2 at 91 and Allegheny Senior shares, also in the Van Sweringen Rail set-up, ended 2 to nearly 4 higher.

Yellow Truck gained 1 1/2 to finish at 22 1/2, a new peak, in advance of a General Motors' announcement of a recapitalization plan for the truck unit. The late rush for steel shares lifted U. S. steel to 76 1/2 and Bethlehem near 72 1/2 at 75 1/2. Alcohols were conspicuous with net gains of a point or more for U. S. Industrial, Commercial Solvents and American Commercial.

Elsewhere the bullish note was more subdued. Utilities lost favor after an early buying spurt and final prices were mixed.

Wide changes were recorded in a few relatively inactive shares. Norfolk & Western jumped 6 1/2 to 299. American Can, recently neglected, came forward for a net gain of 3 1/2 to 127 1/2.

Relative stability in foreign currencies was marked by slightly higher quotations for the British pound at \$4.89 1/2 and the French franc at 4.87 3/4-16.
